

SHOWINGTIME MOBILE APP

Use the ShowingTime Mobile App to confirm showings, manage showing feedback and view listing activity reports!

The ShowingTime Mobile App is free, just visit the Google Play Store or the Apple App Store to download it today!

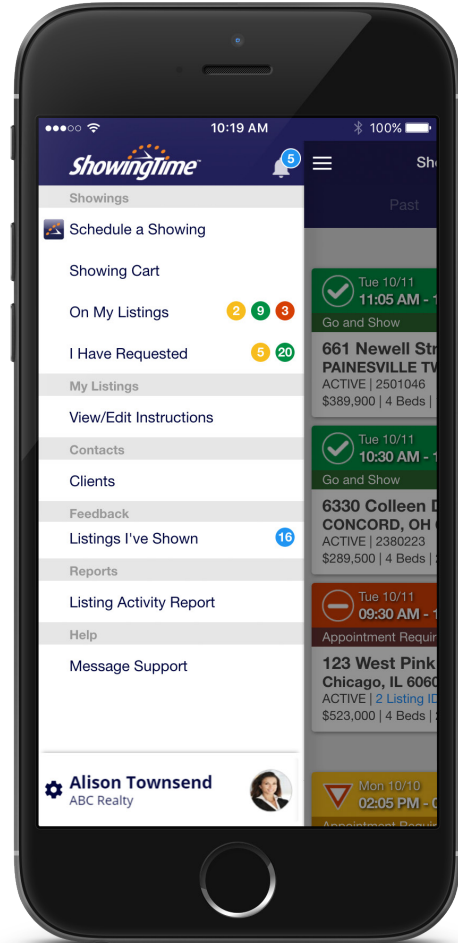

What You Can Do From The Mobile App:

Gaining access to ShowingTime via the Mobile App will equip you to join 900,000+ professionals who currently schedule more than 3 million showings per month across 250+ MLSs, whether from their desktops, smartphones or tablets. ShowingTime products and services streamline the showing appointment scheduling and showing feedback process to improve efficiency.

- ✓ Schedule or confirm showings
- ✓ See upcoming showing appointments
- ✓ View showing instructions
- ✓ Respond to showing feedback requests
- ✓ Get push notifications of showing requests and confirmations
- ✓ Search listings in your MLS
- ✓ Add activities (open houses, etc.) to listing reports

Help and Training

Where can I learn more about ShowingTime? You may access your ShowingTime for the MLS Setup through the MLS and click on the "Help and Training" tab from the side menu to access our training site with videos and written step-by-step tutorials. You may also check out the site at <https://showingtimemls.uservoice.com>.

The ShowingTime App can be downloaded for free from the Google Play Store or the Apple App Store.
